

## Snap Frame

Simple, effective and easy to update, snap frames are one of the most effective ways of communicating brand messaging to potential customers. With wall mounted options available they can also save space and be used internally or externally for maximum impact.

Wall mounted silver snap frame. Supplied with wall fixtures with pre-drilled fixing holes. Easily switch out inserts without removing from the wall. Incorporating snap shut front opening mechanism. Finished in silver anodised aluminium with styrene back panel.
